PRAYER VIGIL at the
CALIFORNIA MARCH FOR LIFE

Overview

There are legitimate concerns with the egregious bills being introduced this year that weaken the family, harm children in the womb, and threaten those born alive.

Human life begins at conception. Concerned Women for America (CWA) of California works to protect and defend the value of human life through prayer, education, and advocacy and is a proud participant with the California March for Life.

Goals of the Prayer Vigil event at the CA March for Life

- 1) CWA of California desires to connect believers who are concerned about our state and nation in united prayer. Ephesians 6:18a says, "... praying always with all prayer and supplication in the Spirit...[about the issues]."
- 2) We pray blessings over the California March for Life to be powerfully effective in encouraging more people to take action. Edmund Burke is reported to have said, "All that is necessary for evil to triumph is for good men to do nothing." If leftist leaders and activists do not speak for us and our generation on important issues like abortion, then we must speak up for ourselves and the truth that we know.
- 3) We pray for the California Legislature to be guided with divine wisdom to pass laws that restore the family and preserve the rights of our youngest Californians – babies in the womb and newborns.
- 4) One in five pregnancies in the United States ends in abortion. We pray for women affected by past abortions and/or contemplating abortions. May they choose life!
